CHECK BEFORE YOU GO!

Cleveland National Forest Use Restriction Level Moves Up To

VERY HIGH

San Diego, CA – Oct 20, 2008...Effective on Wednesday morning, October 22, 2008 at 6 a.m., the Cleveland National Forest will move Forest Use Restrictions from **HIGH** to **VERY HIGH**. As we have entered the height of the wildland fire season, with Santa Ana wind events expected over the course of the next few months, Forest officials have determined that in order to safeguard against potential fire starts, it is necessary to limit certain forest uses. These Forest Use Restriction levels may change as necessary depending on fuels conditions, and the likelihood of fire starts across the Forest.

Under “**Very High**” Forest Use Restrictions, campfires are not allowed in certain campgrounds, the use of camp stoves is limited in some wilderness areas, and the Orosco Ridge shooting area on the Palomar Ranger District is closed. Additionally, some site specific restrictions may be imposed based on red flag watches and warnings.

Additionally, the Santiago Fire burn area on the Trabuco Ranger District remains closed to the public in order to allow natural revegetation to occur. Specific information on this area closure can be attained by visiting this web page:

<http://www.fs.fed.us/r5/cleveland/conditions/firestorm.shtml>

Forest visitors can check on road access, allowable recreational activities, and

-more-

other restrictions by visiting to the forest website, www.fs.fed.us/r5/cleveland and clicking on "current conditions" or by calling the nearest district office. For a recorded message please call **619-593-2183**. Please check with the other southern California National Forests to determine what current fire restrictions are in place.

We would like to remind visitors that fireworks are **never** allowed on the Cleveland National Forest. Discharging a firearm with steel core, armor piercing or tracer ammunition is also **not** allowed at any time on the Forest. Please use care and caution when visiting the Forest. Check Before You Go!

Check before you go for updated information.
